

# Gold Line Fencing Recommendations

- Fencing recommendations take into consideration:
  - Nearby land uses
  - Deterring trespassers
  - Safety/Security
- Meetings were held with local governments to develop fencing recommendations
- Four types of land uses were identified:
  - Rural/Open Space
  - Industrial/Commercial
  - Roadway Adjacent
  - Residential
- Two standard fencing types were selected:

Decorative Post and Cable for visually sensitive areas  
(e.g. historic districts, bridges, near stations)

Chain Link for all other areas

- Local governments also have the option of funding upgraded fencing options
