RTD FasTracks North Metro Corridor EIS Transit Alternatives Meetings

| | |
|--|--|
| Wednesday, Nov. 29, 2006 5:30 p.m. - 8:00 p.m. Adams City High School 4625 East 68th Ave. Commerce City, CO 80022 | Thursday, Nov. 30, 2006 5:30 p.m. - 8:00 p.m. Rocky Top Middle School 14150 York St. Thornton, CO 80602 |
|--|--|

The FasTracks North Metro Corridor team will host two public meetings to get more information about the project and to listen and ask questions about the North Metro Corridor Environmental Impact Statement (EIS).

At the public meeting, the project team will present the alternatives recommended for elimination due to severe impacts, technical infeasibility, or lack of community support.

Remaining alternatives will continue to be refined and evaluated until a preferred alternative is selected in spring 2007.

In August 2006, RTD kicked off the North Metro Corridor EIS. The two-year EIS will build upon recommendations from previous RTD studies to analyze and select the best high-capacity transit investment for the corridor.

Through the scoping process, which ended on Oct. 31, 2006, RTD received numerous comments from the community and businesses within the corridor. In response to input, additional alternatives were recommended for consideration.

The project team has evaluated numerous alternatives since the beginning of the North Metro EIS.

PROJECT LOCATION and DESCRIPTION

The RTD FasTracks North Metro Corridor is a proposed 18-mile rail transit corridor between Denver Union Station and 162nd Avenue, passing through Denver, Commerce City, Thornton, Northglenn and unincorporated Adams County. FasTracks is RTD's twelve-year comprehensive plan to build and operate high speed rail lines and expand and improve bus service and park-n-Rides throughout the region.
