

Noise Wall Options

Noise Wall locations are based on the Noise Study per FTA regulations.

If there is no noise wall, there will be a ballast curb with barrier/fence on top in all locations.

Properties with noise walls planned have the following options:

1. Keep the noise wall OR
2. Work with your neighbors to either change, eliminate or reduce the wall via the "opt-out" policy.

Additional options for property owners who have opted-out of the noise walls

1. 6' wooden privacy fence on your property line provided by RTD
 - Property owner responsible for all future warranties, maintenance etc. of these items.
 - Must comply with city codes and zoning requirements.
2. **Other potential options for fencing, landscaping etc.**
 - Details still being determined
 - The property owner would be responsible for all future warranties, maintenance etc of these items.
 - Must comply with city codes and zoning requirements
