

Community Tour of West Corridor  
August 19, 2011

**Tell us something you liked about your tour experience:**

- Knowledgeable guide – knew answers to the questions
- Very informative. I enjoyed seeing neighborhoods where light rail will go. I gained a fuller appreciation of the work done in the project.
- Learning about all the infrastructure work. Very well done.
- Very good tour.
- It was fun! Kathy was great, very professional.
- Thank you! Great information. Good tour!
- Very comprehensive explanation. Easy to hear.
- Punctual.
- Learning about the work that has been put into this project
- Seeing where the rail line is going to be and the improvement of Federal and Sheridan.
- Well informed guide.
- Very informative.
- Like seeing the progress on the rail line.
- I learned a lot, especially about the bike path that goes along the rail line.
- I liked seeing the neighborhoods the line with go through,
- It was nice to hear some construction details along the way. Good job getting close to the line and bridges.
- Guide well versed. Answered questions politely and I believe accurately.
- Amazing to find out the degree of infrastructure modifications needed.
- Really enjoyed the 8/19 tour! Our 'guide' and driver, Robbie, did a great job. I'm looking forward to the 2013 opening.
- Excellent tour!!
- Guides and Driver fantastic and knowledgeable.
- Very good and it was fun to see all the progress since last year's tour. The progress is impressive to say the least. The speaker on our bus was excellent; we had her last year also. Thanks for offering these tours.
- Our tour guide had a lot of interesting information and obviously was extremely knowledgeable about the west corridor project.
- Now that we know what is being built we can educate ourselves the rest of the way as the project gets completed.
- The tour was so wonderful - that I'm signed up for the September tour, also... because I'm 90, I need to go twice to hear and see it ALL !

### **Is there anything we could've done differently?**

- No, but when the system is final testing, I hope we can take the tour from a train!
- Maybe get out at certain stations.
- Add info about connections to DCPA.
- This was not a good environment in which to ask questions – there were two helpers along who could have been spaced within the length of the bus to answer questions.
- Surprised there did not seem to be recognition of the term “Platte Valley Trolley.”
- Clean windows of the bus before the tour.
- Arrange for people to stand on the new tracks at some location.
- Feel you need to stress more the use of Old Roadbed and talk a bit more about recycled materials (types, quantities, sources...).

### **Do you have any further questions we didn't answer on the tour?**

- Would it be possible, next year, to ride on the rails that are completed?  
Unfortunately, the Rail Line will not be available for transportation purposes until it is complete in 2013.
- Will you offer this next year?  
Yes, our Community Tours will be offered in the Summer months of 2012. Please visit the West Rail Line web page ([http://www.rtd-fastracks.com/wc\\_1](http://www.rtd-fastracks.com/wc_1)) at that time for more information.
